

GEOGRAPHIC THINKING IN ACTION: USING MAPS AND OTHER PRIMARY SOURCES IN THE ELEMENTARY SCHOOL CLASSROOM

In this 2-day workshop teachers will:

- Learn about programs and resources available from the Library of Congress Teaching with Primary Sources (TPS) Program and the Illinois Geographic Alliance, a member of the National Geographic Network of Alliances for Geographic Education
- Examine K-5 national and Illinois geography standards for learning (*new Illinois standards effective 1/2016*)
- Explore geographical and historical thinking
- Discuss strategies to help develop student's critical thinking and inquiry skills
- Work with experienced educators, geographers, and historians
- Analyze maps and primary documents using both geographical and historical thinking tools and techniques
- Receive a variety of resources and materials ready for immediate classroom use
- Earn Professional Development hours (*at no out-of-pocket cost*)

This project is funded, in part, by a grant from the National Geographic Society Education Foundation to the Illinois Geographic Alliance.

The Teaching with Primary Sources Programs in Illinois are funded by a grant from the Library of Congress. The content created and featured in partnership with the TPS program does not indicate an endorsement by the Library of Congress.
