Objectives

Students will be able to recall cities mentioned in the ABC book *L is for Lincoln* to complete an ABC list for Illinois.

Students will be able to locate the cities from their list on an Illinois State map.

Students will investigate the non-city components of the book and research how they belong in the book.

Procedures
1. **Use stickers to locate each letter on the map.** Each sticker should have the letter printed on it.

   **Example**   Arrowheads = A

   The book tells us that arrowheads are found in Cahokia. The A sticker goes near Cahokia on the state map.

2. **Students complete the rest of the map and stickers according to the information that was learned from the book.** Their list should also match the book.

3. **Students will compose an ABC book on Illinois Facts.** It should include illustrations and statements to support the items in their books.
4. Students will locate their ABC items on an Illinois state map and give the coordinates for each.

Assessments

- Teacher will check ABC stickers with book.

Student created books will be checked for illustration, content, and support.

Students will trade books and check coordinates for the ABC items by locating them on their map with another sticker.
